THE GREATEST care should be taken in what we eat and drink, yet we are too often indifferent and careless, notwithstanding health depends on what we eat and drink.

In regard to drink nothing but the best should be taken. It costs no more than the indifferent quality, if people would only ask for what they know is the best. Old Scotch Whisky is the most wholesome beverage yet known. Mackie's Scotch Whisky gives an undoubted guarantee to those who are not judges of quality.

CITY ANALYST'S LABORATORY,
138 BATH STREET,
GLASGOW, 8th October, 1906.

I hereby certify that I have taken samples of every vatting of Mackie's White Horse Cellar Blend of Scotch Whisky used in bottling during the month of September, and the results of my analyses indicate that it conforms to the standard for Pot Still Scotch Whisky set up in the London case. I am also of opinion that it is an old Whisky of excellent quality and flavour, which has been well matured in wood.

THE KHEDIVES INTERVIEW.

Egypt has always been fertile in surprises, and the latest surprise of all is the practical denial of Mr. Dickey's interview with the Khedive. A "high palace official" has informed the representative of "Al Moayad" that Mr. Dickey's version of the interview granted to him did not accurately express the thoughts of the Khedive. He further stated that Mr. Dickey received no invitation to interview the Viceroy of Egypt, and never sent his Highness a copy of the interview before publication; that the Khedive's views concerning the Occupation were not unknown, and had not changed; and that his views on personal rule had also undergone no modification since his conversation with M. René Puaux. The Nationalist Press regards this statement as an official démenti of Mr. Dickey's description of his interview with the Khedive, and we certainly think that this explanation is as likely to be correct as any other. Meanwhile Mr. Dickey, for a brief hour a favourite with the Nationalist Party, on the ground of his criticisms of Lord Cromer's administration, is now the butt of darts and arrows without number from the Nationalist archery. The "Egyptian Standard" and "Al-Lews," fresh from the discovery that the Financial Adviser had been shooting pigeons at Tala, riddle the correspondent of the "Daily Telegraph" with their missiles. "What" asks the "Egyptian Standard" "will the 'Daily Telegraph' think of its correspondent who mistakes facts—for reasons beyond doubt foreign to his own wishes—and has to undergo the reprimand of an official denial?"

Comment on the above is needless. We will content ourselves with the quotation "Quis taterit Gracchos de seditione querentes?" and the English proverb—"I never swear, said the hare, it's a d-d bad habit." As for Mr. Dickey and the Khedive, we do not regard the palace démenti with great interest. It is published for local consumption, the interview of which Mr. Dickey quite possibly gave an inaccurate rendering for export, and we have already commented on the difficulties of the position of his Highness. Time and facts can alone show us in which of the interviews, that accorded to M. Puaux or that asked for by Mr. Dickey, the Khedive's attitude towards the British occupation has been most accurately rendered, and we can afford to wait, in the meantime thanking Providence for having supplied us with a serious rival to the gigantic gooseberry and the great sea serpent.

Inspection of Buildings.

A permanent Commission has been appointed by the Alexandria Municipality to inspect the buildings of the town and report thereon. We understand that up to the present they have reported 15 houses as not satisfying the necessary requirements for safety.

Fire in Alexandria.

Yesterday morning a fire broke out in a small milk-shop, in the Hamamli Street, owned by a Greek. The fire brigade arrived on the scene in a very short space of time and within an hour had completely extinguished the fire. All the contents of the shop were destroyed and the loss is estimated at £80.

Cattle Plague.

During the week ended the 3rd instant, 353 deaths from bovine typhus were reported throughout the country. Of these 80 took place in Abou Kerkas district, 3 in Minieh district, 26 in Samalout district, 34 in Beni Mazar district, 21 in Maghagha district, 31 in Fashin district, 44 in Manfalout district, 62 in Deirout district, 21 in Mallawi district, 21 in Beba district, 2 in Wasta district, 1 in Beni Souef district, 3 in Fayoum district and 4 in Zagazig district.

The Collapsed Hut.

Since receiving the report which we published yesterday as we went to press, concerning the collapse of a hut in the Minet-el-Bassal quarter, we have been informed that the hut, which was built of wood, was unoccupied, and was formerly a carpenter's shop. A native woman and her two children, who were sitting against the hut were buried in the debris, and the injuries inflicted have resulted fatally to the woman and one child, while the other child is lying in hospital very seriously injured.

The Plague.

For the past 24 hours the following cases of bubonic plague are reported: 3 admissions and 2 deaths in hospital at Beba; 1 death at Assiout; 1 death at Mellawi; 1 death in hospital at Deirout; 3 cases, 2 deaths outside and 1 death in hospital at Enah; 1 recovery at Beni Souef; 1 case at Abou Tig and a recovery at Beni-Mazar. During the week ending the 3rd instant, 56 fresh cases of plague were registered throughout the country, 25 of which occurred at Enah; 9 at Beni-Mazar; 4 at Assiout; 4 at Mellawi; 3 at Koz; 3 at Deirout; 3 at Fashin; 2 at Beba; 1 at Alexandria; 1 at Samallout and 1 at Keneh.

Routier's Egyptian Business.

Admiral Sir John W. Dalrymple-Hay, presiding at the meeting of Routier's Telegram Company, Limited, last week, said that the year which had just elapsed had been replete with events of a striking kind. Their business in Egypt was keeping pace with the political, commercial and financial developments which were taking place in that country. The services of their representative at the capital were recently laid under contribution on an occasion of great importance. He alluded to the farewell speech of Lord Cromer, the whole of which amounting to some thousands of words, was telegraphed to London. This was one of the longest messages ever received by them.

PERSONAL AND SOCIAL.

The Earl of Cromer has accepted the committee's invitation to become an honorary member of the Bath Club.

During the absence of Mustapha Fahmy, Hussein Pasha Fahky, Minister of Public Works, will act as Prime Minister; Mustapha Pasha Fahmy is leaving for Europe by the Austrian Lloyd mail boat on Saturday.

During the absence on leave of Sir Vincent Corbett, Mr. A. Mitchell-Innes under Secretary of State of the Ministry of Finance, who has just returned from Europe, will perform the duties of Financial Adviser to the Egyptian Government.

Crookshank Pasha and Mrs. Crookshank are leaving for England on Monday the 11th June by P. & O. India, and return to Cairo the end of October.

In Convocation at Oxford last week, the honorary degree of D.M. was conferred upon Mr. Wilfred T. Grenfell, C.M.G., M.R.C.S., brother of Mr. Grenfell, the well-known Egyptologist.

The death has taken place at Cairo, after a short illness of Mary Augusta, only surviving daughter of Mr. Augustus de Morgan.

Mr. A. Adamson, Inspector of Irrigation, has been granted three and a half months leave of absence as from 1st August.

RAISING THE DAM.

PRESENTATION OF ANTIQUITIES.

(Gazette's Special Service.)

LONDON, Wednesday.

The Society of Antiquaries makes a generous acknowledgement in the "Times" of the money provision made and the measures taken by the Egyptian Government for preserving the antiquities whose submersion is likely to be caused by the raising of the Assouan dam. The report of Mr. Somers Clarke also appears describing the elaborate arrangements made for surveying, copying inscriptions and the sustentation of temples. The latter part of the work has been undertaken by the Department of Antiquities under the able direction of Mr. Maspero, and the remainder is to be carried out by Captain Lyons, whose case and thoroughness is acknowledged by all.

LORD CROMER AND THE CITY.

A WELL-DESERVED HONOUR.

As announced by our London correspondent last Friday, the Court of Common Council at their meeting last Thursday, unanimously resolved to confer the freedom of the City of London upon the Earl of Cromer in recognition of his splendid services to Egypt and the Empire.

Mr. J. W. Domoney, Chairman of the City Lands Committee, in moving the resolution said, the services rendered by Lord Cromer during his twenty-five years' labours in Egypt were quite outside ordinary circumstances, and deserved the greatest recognition that could be bestowed. It was twenty-five years since Sir Evelyn Baring went to Egypt. On his arrival he found the place in a great state of chaos, when he left it its administration and policy—owing to his wise and admirable work—were secure and lasting. His straightforward dealing and impartiality in all his relations with the natives accounted for his enormous influence over them.

Sir George Fandell-Phillips, in seconding the resolution, said Lord Cromer would go down to history as one of our great pro-consuls, ranking with such men as Lord Clive. He was not born to greatness, but he was a man who, having great opportunities, made great epochs in our national history. There was nothing which could redound to the interest of this great Empire and add more to its reputation and glory than what had been done in Egypt. Instead of that country being, as it now is, amongst the most civilised parts of the globe, it was not too much to say that it would be in the hands of ignorant and despotic rulers, with the result that the trouble to Europe would be irreparable. Lord Cromer had won the confidence of men whose only previous experiences of government were a tradition, and knowledge of cruelty and oppression which terrified them—he had first won their confidence and then their goodwill. They were voting that day to one of their greatest living statesmen the greatest honour they possessed, and the Corporation, in so doing, was honouring a man who had done wonderful service—a service which had been recognised not only by the people of this country, but by the civilised nations of the world.

The motion was then put and carried unanimously and with acclamation, and it was referred to the City Lands Committee to make the necessary arrangements in the event of Lord Cromer's accepting the proposed compliment.

It was also resolved to confer the freedom on Lord Lister, the famous surgeon, and discoverer of the antiseptic system.

STEAMER MOVEMENTS.

The S.S. Cyprian Prince, with passengers and general cargo left Malta on the 4th inst., and is due to arrive at Alexandria on Saturday.

EGYPT IN PARLIAMENT.

STATE RAILWAYS ROLLING STOCK.

Mr. J. M. Robertson asked Sir Edward Grey

on Tuesday week whether, in view of the facts that the earnings of the Egyptian State Railways for 1905 showed an increased return per cent. on the increased capital outlay of recent years, that many of the carriages are dilapidated and insufficiently lighted, that many of the engines are from thirty to fifty-five years old, and that the tariffs for passengers and goods are higher than those of most European countries, he would advise the Egyptian Government to improve the condition of the rolling-stock and at the same time to reduce passenger fares and goods rates.

Sir E. Grey: No, sir; I cannot undertake to interfere in the administration of the Egyptian State Railways. (Opposition cheers.)

RAILWAY ADVERTISING.

Mr. John Robertson also asked the Secretary of State for Foreign Affairs whether he is aware that large sums of money are annually paid by the Egyptian State Railways Administration for inserting in Egyptian newspapers whole pages of their time-table, although the official time-table of such administration is published at regular intervals; and whether, seeing that such advertisements are greatly in excess of public requirements and are inserted in such newspapers with the object of influencing their proprietors and editors in favour of the Government policy, he will advise the Egyptian Government to discontinue the practice.

Sir E. Grey:—I am not aware of any of the facts stated or alleged in the question, and in any case I cannot undertake to interfere with the methods of making railway time-tables known in Egypt.

THE LANGUAGE QUESTION.

Mr. Robertson also asked the Secretary of State for Foreign Affairs whether, seeing that Englishmen seeking to qualify by examination for posts and promotion in the Egyptian Government service were allowed to answer the questions set them in their own language, he would advise the Egyptian Government to accord to native Egyptians who present themselves at examinations for primary and secondary certificates, for diplomas granted by the higher or technical school and professional colleges, and for posts and promotion in the Egyptian Government service, the option of answering questions in their own language.

Sir E. Grey (Northumberland, Berwick).—The particular changes advocated in this question are part of the general question of the encouragement of teaching in Arabic. This was dealt with recently in a speech of the Minister of Instruction, which has been presented to Parliament, and from which will be seen the extent to which the question occupies his attention. Any changes which are made must be upon the initiative of the Egyptian Government, and pending any further pronouncement by them, I can give no more information.

EGYPTIAN GOVERNMENT.

THE COTTON INDUSTRY.

Presiding at the annual meeting of the Fine Cotton Spinners and Doublers Association, Ltd., in Manchester last week, Sir W. H. Holland, M. P., referring to the supply of cotton, said beside Sea Island cotton the Association had used a great deal of Egyptian cotton. In regard to that it was only fitting to acknowledge that the authorities in Egypt, with Lord Cromer at their head, had done their utmost to meet the wishes of the trade, and to do so in the interests of the Egyptian community by increasing the growth of Egyptian cotton. Now that Lord Cromer's successor had been appointed, he hoped they might bespeak his good offices also in that direction. They would be specially glad to see the undeveloped resources of the Sudan more largely turned to the cultivation of Egyptian cotton, for that would be a great boon to many Lancashire mills, including their own.

HOTELS IN EGYPT.

Hotels seem to be one of the best investments in this country judging by the last report of the Nungovich Hotel Company, which at the last meeting held on the 22nd May in Cairo, declared a dividend for the year at the rate of 25 per cent after placing 10% to reserve fund and granting another 10% to the Board of Directors. The Egyptian Hotels, the company that owns the well-known Ghezireh Palace and Shepherd's Hotel, gave last year a return on the paid up capital of 15 per cent and are expected to pay a similar dividend this year. The need for further hotels, especially in Cairo and Alexandria, is apparent, for during the winter season it is difficult, at times, to find accommodation for the numerous visitors arriving from Europe and America. This want is likewise shown by the number of new hotels that are in contemplation both in Cairo as well as in Alexandria, to meet the increasing demand from year to year, as mentioned in our issue of Wednesday. We are informed that a wealthy native capitalist of our city has purchased a site on the Ramleh boulevard, near the station, on which it is intended to erect a five storeyed hotel. From the photograph which has been shown to us the facade will be very handsome, and we understand that the place has been prepared by one of the leading architects in this country, the cost of the site and building being estimated at about £70,000.

LETTERS TO THE EDITOR.

We do not hold ourselves responsible for the opinions expressed by our correspondents, but we wish, in a spirit of fair play to all, to permit—within certain necessary limits—free discussion.

CAESAR'S CAMP.

TO THE EDITOR OF THE "EGYPTIAN GAZETTE."

Sir,—Allow me to point out a blunder which Dulcamara has made in criticising the adventure of Caesar's Camp. It is not the well-known solicitor who remains unsatisfied but it is his zealous friend. The well-known solicitor on the contrary would have enjoyed the joke had the circumstances warranted it, but the little game was played in order to come to the assistance of a suffering humanity at the Halte de Campo Cesare, and it was only the indifference of the Armenian wattleman to his expostulations which exasperated him to such a point as to nearly bring him to an untimely end. Surely the growing population of Caesar's Camp should be very grateful to the well-known solicitor.—Yours truly,

CARMENCITA.

Alexandria, 1st June 1907.

TO THE EDITOR OF THE "EGYPTIAN GAZETTE."

Sir,—From the facts recorded by "Unsatisfied" in discussing the above subject. It is clear that Sarah Bernhardt on this occasion did play the comedy and did so on her own account, but the friend of "Unsatisfied" did the same thing, and as we are told for the good of the public—whether the succeeded or not is not clear—but what cannot be denied is that the dormant Armenian (the sleeping beauty) enjoyed the fun immensely and it appears that the solicitor at the last moment, instead of annihilating himself, thought better to preserve his precious life in order to proclaim the rights of the people. The alternative was just as wise and it is so consoling to know that our hero did not trudge into town "A la Suffragette."

Yours sincerely,

DULCAMARA.

Alexandria, 1st June 1907.

AT THE RACES.

TO THE EDITOR OF THE "EGYPTIAN GAZETTE."

Sir,—Since the question of the morality of the Alexandria Race Course is occupying so much of your readers attention, I feel compelled, with your kind indulgence, to endorse the remarks of your correspondents "A Race-Goer," "Sportsman" and "Diogenes." Personally, as suggested by "Sportsman," I find all my time occupied in picking out winners, which is usually more lucrative, or at any rate of more interest to me than picking out "undesirables," which apparently occupies the attention of "Paterfamilias" and an "Irate Husband." As to the "parade" of the class of women referred to by "Excluded," it seems to me that your correspondent has never visited the race course; unless I am blind! One thing, which is to be regretted, will be the result of this correspondence, viz. to draw attention to what has practically remained unnoticed, up to the present, by the majority of race goers.

Yours truly

Bulkeley June 5 1907.

SABA PASHA.

Referring to the retirement of Saba Pasha

the "Postal Union" says:—"According to information received from Alexandria, the Director General of the Egyptian Posts, his Excellency Saba Pasha, has retired on the 1st inst. after 35 years' service. This news will be very much regretted by all who had an opportunity of appreciating this distinguished gentleman, who possessed eminent qualities of mind and heart. Saba Pasha's retirement is a great loss for the Egyptian postal service which he has organized in an excellent manner in every respect. It is also a great loss for the Postal Union, to the development of which he has much contributed by his active participation in the deliberations of the Postal Congresses of Vienna, Washington and Rome. His name will be lastingly remembered in the history of the Postal Union. We wish his Excellency Saba Pasha a long rest in his well deserved retirement."

OBITUARY.

ISMAIL NAGUIB BEY.

The impressive funeral of Ismail Naguib Bey took place yesterday morning, and was attended by many notable native and European mourners. The bereavement is particularly sad, as the deceased, who is the son of Ibrahim Naguib Pasha, Under Secretary of State, Ministry of the Interior, was not more than 23 years of age and had only recently entered upon a career, which had every prospect of proving exceptionally brilliant.

Death resulted from an accident, which occurred whilst driving in his dog-cart on Tuesday morning last. The horse, suddenly taking fright at a piece of paper lying in the roadway, became unmanageable and plunged into a tree; the shock of the collision threw the deceased from his seat and his skull was fractured from the fall. It was at first hoped that his life might be saved, but, in spite of every endeavour that medical and surgical aid could devise, the attempt proved fruitless and the patient succumbed to his injuries towards the evening of the same day.

COMMISSION MUNICIPALE.

La Commission Municipale s'est réunie hier soir à 4 h. 1/2 p.m. sous la présidence du Dr. Schiess Pacha. 16 membres étaient présents.

REGLEMENT SUR LES CONSTRUCTIONS.

Après une longue discussion sur les maisons récemment érigées, la Commission a décidé d'appliquer aux constructions le règlement provisoire suivant:

Projet de Règlement Concernant les Constructions.

Le Président de la Commission Municipale, Vu l'art. 15 para. 8 décret du 5 Janvier 1890 instituant la Commission Municipale d'Alexandrie.

Vu la délibération de cette Commission en date du approuvée par S.E. le Ministre de l'Intérieur en date du arrêté:

Art. 1. Les mesures et propositions suivantes seront appliquées à titre transitoire en attendant la promulgation d'un règlement définitif concernant les routes ainsi que le contrôle des constructions dans la ville d'Alexandrie.

"Aucune construction ne pourra être élevée dans la limite de la ville d'Alexandrie" avant que les plans de la bâtisse ne soient soumis à la Municipalité et approuvés par elle.

"Les dessins à présenter par les intéressés devront comprendre, 1° les plans du rez de chaussée et des divers étages avec élévation, et coupe à l'échelle de 1/100, 2° un plan d'ensemble de l'emplacement à construire, des voies qui le bordent ou l'avoisinent ainsi que des dispositions de drainage, à l'échelle de 1/1000."

"L'Administration devra, dans le délai de quinze jours à partir de la présentation des dessins ci-dessus, manifester son approbation et délivrer en conséquence la rakhza de construction. Au cas où ces dessins n'auraient pas été agréés, la Municipalité devra dans le même délai en faire part aux intéressés et leur communiquer les observations qu'elle croira devoir formuler."

"Aucune modification au plan approuvé par la Municipalité ne pourra être apportée sans l'agrément écrit de cette dernière."

"Les agents préposés à la surveillance des constructions constateront toute infraction des plans approuvés et dresseront les procès-verbaux y relatifs dans les formes et avec les mêmes sanctions adoptées en matière de contravention au règlement du Tanzim."

Fait à Alexandrie, le M. Foster ayant fait remarquer qu'il existait dans ce règlement certaines lacunes, les membres se sont unanimement ralliés à sa proposition d'y ajouter des clauses précises concernant la qualité et la résistance des matériaux, ainsi que le droit pour la Municipalité de suspendre le travail en cas de non-observation du cahier des charges.

DEMANDES DE CREDITS.

Les demandes de crédits suivants, sauf celui de l'Abattoir, ont été votées sans discussion. A prélever sur le budget extraordinaire:

a) L.E. 15,000, pour la commande de dalles et la continuation des travaux de confection des routes.

b) L.E. 200, pour l'impression en arabe du recueil des règlements intéressant la Municipalité et de celui des contrats passés avec les diverses Sociétés.

c) L.E. 350, pour achat de nouveaux instruments pour le Service Technique.

d) L.E. 3,300, pour achat divers et aménagements à l'Abattoir.

e) L.E. 1,125, pour construction de nouveaux chalets de nécessité dans divers quartiers.

f) L.E. 340, pour l'aménagement d'allées et routes, et autres travaux au jardin Nouzha. A prélever sur la réserve du budget ordinaire:

g) L.E. 400, à titre supplémentaire pour la vaccination.

AU SUJET DE L'ABATTOIR.

Au sujet de l'Abattoir M. Kingham a réclamé, avant d'approuver le crédit, un état des dépenses et des recettes de cet établissement pour voir s'il rend quelque chose. Il y a longtemps, d'ailleurs, que M. Kingham demande en vain cet état. Une discussion s'étant engagée à ce sujet, l'ajournement de la question proposée par quelques membres a été repoussé et l'Administration devra présenter l'état demandé.

LES MAISONS ÉCONOMIQUES.

En l'absence de M. Rieti, c'est M. Fendler qui a pris la parole en faveur des maisons économiques. Il a demandé en conclusion que la Municipalité renonce dès à présent à la moitié lui revenant sur le prix du terrain, qu'elle se charge de la confection des rues séparant les blocs et qu'elle exempte des impôts pendant 5 ans aux mêmes conditions qu'elle a imposée aux acquéreurs des terrains des quais. Une longue discussion s'est engagée à ce sujet, qui s'est terminée par le vote de la proposition Padoa Bey: "la Commission vote en principe de prendre consignation du terrain." Quand le comité aura précisé ses conditions, a expliqué Padoa Bey, les conseillers décideront sur l'ensemble en connaissance de cause.

ÉLARGISSEMENT DE LA ROUTE DE RAMLEH.

En l'absence de M. Salvago, M. Kingham a proposé l'élargissement de la route de Ramleh jusqu'à l'Ibrahimiéh, malgré les protestations de M. l'administrateur sur les difficultés de l'exécution immédiate, la proposition de M. Kingham a été votée, à savoir: l'élargissement de la route et l'invitation aux services de présenter leur rapport avant le 1er octobre

prochain." Au cours de la discussion, très intéressante intervention de M. Barbasia, pour réclamer un emplacement réservé aux piétons sur la dite route, les trottoirs étant envahis par les cavaliers. La même observation pourrait être faite pour les trottoirs du quai où des bicyclistes se lancent à toute vitesse au milieu des promeneurs.

INTERPELLATION SUR LA COMPAGNIE DES EAUX.

M. Fendler a développé une interpellation sur la nouvelle émission d'actions de la Compagnie des Eaux d'Alexandrie. La Municipalité, ayant droit à la moitié des bénéfices restants après la distribution d'un dividende de 10% aux actionnaires, se trouve lésée par l'augmentation incessante du capital qui atteindra avec l'émission en perspective 600,000 livres. M. Kingham a proposé de renvoyer la question au Comité du Contentieux pour savoir si la Municipalité a le droit de s'immiscer dans cette affaire; il n'est pas douteux, en effet, que la Municipalité ne soit lésée par la dite émission, puisque la Compagnie pourrait se procurer les sommes dont elle a besoin de façon beaucoup plus avantageuse, soit par exemple par l'émission d'obligations à 4%—M. Padoa Bey a répondu que le nœud de la question réside dans l'intention de la Compagnie: si celle-ci est de bonne foi, il n'y a pas lieu d'intervenir, à son avis; si au contraire, son intention a été dolosive, la Municipalité peut intervenir. La discussion s'est arrêtée là et a été renvoyée à une séance ultérieure, ainsi que l'interpellation de M. Fendler sur le projet de route de la corniche.

AUTRES DÉCISIONS.

Comme membres du Comité d'examen pour le concours aux postes nouvellement créés au service sanitaire, la Commission a nommé: M.M. Padoa Bey, Dr. Valensin, et Mahtouz Bey.

En ce qui concerne la concession d'une jetée promenade au Port-Est, M. Padoa Bey a proposé de convoquer M. Joseph à la prochaine séance pour exposer ses conditions; ce qui a été accepté.

Le projet de règlement pour le stationnement des barques dans le canal Mahmoudieh a été voté avec faculté pour la Municipalité de fixer le tarif.

Ont été nommés comme membres provisoires à la Délégation, en remplacement de M.M. Ralli, Dr. Valensin, Mansour Bey et Yehia Pacha qui partent pour l'Europe, M.M. Mahfouz Bey, Ehrlich, Tambacopoulo et Barbasia.

CASINO SAN STEFANO.

Nous rappelons que c'est ce soir à 9 h. 1/2, qu'a lieu au Casino le 2me concert Serato. L'accueil trouvé jusqu'ici auprès des dilettanti Alexandrins par le célèbre violoniste dans ses précédents concerts, nous fait présager pour ce soir encore un immense succès.

Prix d'entrée 20 P.T.

Dimanche prochain 9 courant à 10 h. 1/2 du matin, ouverture des grands concerts classiques par un festival Wagner. Le programme uniquement composé des œuvres du Maître, choisies parmi les meilleures nous promet un vrai régal artistique: y figurent la Marche Funèbre de Siegfried du Crépuscule des Dieux et l'Ouverture Ein Faust, qu'il nous sera donné d'entendre pour la première fois à Alexandrie.

MOTOR-CAR ACCIDENT.

A motor-car accident, of which the results might easily have proved more disastrous, occurred on the Pyramid road on Tuesday at midday. Ali Fouad Bey, son of the Minister of Justice, accompanied by a lady and two gentlemen, in his endeavour to avoid a collision with a flock of sheep, drove his car into a tree on the roadside. All the occupants of the automobile were violently thrown from the car and an Arab, while trying to herd the sheep, was severely injured in the ribs. Fortunately, no one else was hurt, and, beyond experiencing a serious fright, the motorists had miraculous escape. The injured man has been taken to Kasr-el-Aini Hospital.

BULLETIN DE LA BOURSE

(Aujourd'hui à midi et demie).

Le marché a été faible et sans affaires durant toute la matinée; vers la fin, toutefois, la cote s'est légèrement raffermie sur le bruit, non confirmé d'ailleurs, que le syndicat aurait commencé ses opérations.

Les fluctuations n'ont pas eu d'importance: l'Agricole est un peu mieux à 8 3/8 vendeurs, tandis que la National Bank recule encore à 22 3/8.

En baisse notable les Eaux du Caire s'inscrivent à 114 les actions et 205 les parts de jouissance.

Plus faibles aussi les Markets à 24; la Cassa di Sconto à 161 l'ancien et 160 la nouvelle; la Banque d'Athènes à 125 1/2; la Delta Land à 2 3/16; l'Urbaine à 5 1/16; la Banque d'Orient à 122 1/2; l'Unité à 9/16 acheteurs; et la Zariffa à 3 3/4.

L'obligation Crédit Foncier est, en revanche, plus ferme à 322 l'ancienne et 268 1/2 la nouvelle; la Building Lands reprend à 3 1/16.

Impossible de prévoir la tendance du marché pour le moment. Il semble pourtant que pour certaines valeurs nous ne sommes pas loin des plus bas cours.

En dernière heure nous apprenons que dans la séance qu'il a tenue hier soir, le syndicat ont consortium a fixé les valeurs qu'il achèterait ainsi que leur prix d'achat; mais il ne nous a pas été possible de savoir s'il avait effectivement commencé ses opérations ce matin.

ALEXANDRIA BONDED WAREHOUSE COMPANY, LTD.

L'Assemblée Générale Extraordinaire présidée par M. J. de Menace vient de donner pouvoir au Conseil d'Administration de procéder au changement de la dénomination actuelle en une dénomination nouvelle ainsi conçue "Egyptian Bonded Warehouse, Cy. Ltd." (ex-Alexandria).

CINEMATOGAPHE URBANORA.

De l'avis unanime, le mou Urbanora est superbe et tous lui prêtent le plus grand succès. Il est juste de dire que tout ce que l'on peut demander à un Cinématographe pour en faire un modèle se trouve réuni dans cet Etablissement: Situation centrale et exceptionnelle, salle splendide et bien disposée, permettant de voir de toutes places, création unique en Egypte, entrées complètement indépendantes pour chaque classe, nombreuses sorties de secours, garantissant contre toute éventualité, etc. Quant aux programmes, nous disons seulement qu'ils sont inédits, et qu'ils contiennent des attractions pour les entrées comme seul l'Urbanora est à même d'en présenter.

En un mot la faveur que le public marque pour cet Etablissement est vraiment bien méritée et le monde élégant, le High-Life Alexandrin, qui en forme la clientèle assidue, continuera toujours à se rendre au premier Cinématographe d'Alexandrie où il est certain de passer la meilleure des soirées en applaudissant un spectacle de premier ordre, exclusivement réservé aux familles.

NOTES ET CRITIQUES

Le Caire, Mercredi 5 Juin 1907.

La taxe de l'escompte libre à Londres a haussé hier de 1/8 à 3 5/8 pour cent. Au Stock Exchange, le Consolidé anglais a baissé de 1/8 à 84. L'Unité est remontée de 1/4 à 100 1/4. La National Bank a également regagné 1/4 à 23. L'Agricole a, par contre, perdu 1/8 à 8 1/2, de même que la Delta Light à 9 7/8. La Daira Sanieh a avancé de 1/8 à 15 1/8.

A Paris, le Crédit Foncier Egyptien a haussé de 7 francs à 712. La Banque d'Athènes est restée invariée à 128.

Ici, la séance de ce matin a été encore mauvaise, en ce sens du moins que les offres ont continué à prédominer, qu'elles ont trouvé difficilement des contre-parties et que les cours ont été cassés avec quelques rares transactions sans importance. Certes, la situation ne présente aucun caractère inquiétant; elle est même naturelle en cette période de l'année, qui marque d'ordinaire le début de la saison morte. Mais on tient compte du fait qu'un Syndicat s'est formé avec mission de relever les prix exceptionnellement bas des bonnes valeurs, et on se plaint amèrement que ce consortium ne donne même pas signe de vie pour enrayer une dépression dont la persistance pourrait finir par déterminer les effets lamentables que la formation du Syndicat était justement appelée à prévenir ou tout au moins à atténuer. On en conclut, naturellement, que ce n'est pas la peine de fonder un Syndicat pour lui permettre de tirer parti de la débâcle, alors qu'elle se serait pleinement produite.

Hatons-nous de le dire, ce sont là des appréciations qui nous paraissent passablement injustes. Le Syndicat vient à peine de naître; il faut lui laisser le temps d'étudier la situation afin d'agir à bon escient. Il a, d'ailleurs, promis, officiellement, de commencer ses opérations dans le courant de cette semaine, dont nous ne sommes pas tout à fait à la fin. Au demeurant, il ne faut pas perdre de vue que le Syndicat a attendu patiemment jusqu'à avant-hier que les cours forcés établis le 22 Avril dernier fussent abolis au Caire, en d'autres termes que la cote fut rendue entièrement libre. Il serait donc abusif de se refuser à ac-

corde au consortium un délai de moins de trois jours pour lui permettre d'entreprendre et sérieusement en activité.

En attendant, la National Bank a reculé à 22 3/8. L'Agricole a baissé à 8 5/16-3/8, la Banque d'Athènes à 126, la Banque d'Orient à 122 et la Cassa di Sconto à 163.

THE DERBY

LONDON, June 5.

Derby. 1. Orby; 2. Wool Winder; 3. Slieve Gallion. Won by two lengths: half a length dividing second and third. Time 2 minutes and 44 seconds. (Reuter)

Some interesting details are given in the current issue of "Fry's Magazine," in the course of an article on the 127 races for the Derby which have been run since it was first started in 1780. If we admit that all Derby horses are good, the writer says, with the reservation that some are very much better than others, think of all the fine horseflesh that is comprised in 2,124 horses, which is the number that have so far run in the historic race. The largest number that have ever started in one race was thirty-four, in 1862, when Caractacus turned out to be the winner. Going to the other extreme, there were only four starters in 1794, when Dedalus won. Small fields were common in the early years of the race than they were at any time afterwards, until we come to quite the most modern era, seven fields of less than ten runners each having been sent to the post since Ormonde's year in 1886. The greatest number of subscribers to the race was in 1900 (Diamond Jubilee's great year), when there were 301.

In regard to the jockeys, the record for wins "is held by Robinson, deceased, away back in the early part of last century, when he won the race six times—four times in five years. The famous Fred Archer, Clift, Buckle, and J. Arnall won five times; S. Arnall (the first winner), W. Scott, and J. Watts four times; while many other jockeys have two and three successes to their credit. It is a fine thing for a jockey to win the Derby—in cash as well as in glory. Often enough it is worth at least a thousand pounds to him; and it is said that had Alfred Day, who had the mount on Kings-ton, only beaten Wild Dayrell, in 1855, he would have had the whole of the stakes, amounting to £6,000, for his trouble. Probably the jockeys did not get very much in the early days of the Derby, and it is even said that Custance only received £100 for winning on Thormanby in 1860."

MONEY AND SHARE MARKET.

(FROM OUR FINANCIAL CORRESPONDENT).

London, May 31.

The Money Market.

In financial circles there was a slight flutter at the settlement this week, but in the end there was more than enough money to go round. There seems no probability that the Bank of France will reduce its rate, and so long as our powerful neighbour feels it necessary to strengthen its position, it is not probable that the Bank of England will make a move downward. At the same time, we confirm what we wrote last week, that there is no reason to look for any pressure until the early months of the Autumn, and no one feels inclined to predict the result of the Autumn demand. To be well aware of a possible stringency is the best way to avoid it, and the conservative policy is likely to be followed by our banks and financial institutions.

For the moment the price of gold is down, the quotation being 77/104 per ounce. Silver also has receded a fraction to 31. In neither case, however, is the reduction likely to be permanent.

With the return of currency from the provinces, the stock of coin and bullion at the Bank shows a rise of £95,000, notwithstanding the efflux of over £500,000 for abroad. The active note circulation has contracted by £89,000, and the result is an addition of £184,000 to the reserve, which now stands at £24,864,000. The proportion of reserve to liabilities is practically unchanged at 46½ per cent. Last year the total reserve amounted to £23,177,000, and the proportion was about 44 per cent.

The Stock Markets.

The past week has not been without its financial discomforts, and there seems no doubt that the steady shrinkage in the value of stocks and shares which has been going on for some time past has been, undermining the resources of a great many old Stock Exchange houses. At the same time, the few failures that have occurred from time to time are for very small amounts, and there is no speculation the result of which can bring about any serious trouble. Heavy expenses and want of business, leading to yearly losses, are the main causes of complaint, and these readily lend themselves to treatment as things get better, as they must do.

It is satisfactory to note that during the latter part of the week the tone of the stock markets has been much firmer. Two failures have been announced, Messrs. Hubert Brunton & Co., and Messrs. James Shepherd & Co., both highly respectable firms, but the amounts for which they have failed are comparatively small.

To-day the tone has not been quite so favourable, owing to the small amount of business transacted.

Consols.

After continuing in a very depressed state for some weeks, the gilt-edged market on Wednesday developed a very cheerful tone. Consols which had been put down to 84½, closed ½ higher. Yesterday the improvement was maintained, and Consols registered a further advance of ½ for cash and account. This morning the premier security eased off slightly on a few sales to close accounts. The closing price to-night for cash is 84 9/16, a loss on the day of ½. For the account yesterday's quotation, 84 13/16, is unchanged.

Foreign Bonds.

The foreign section is quiet and steady. There has been some revival of interest in Russians, and the Fives have been up to 83½, but have receded ½ to-day. The Fours leave off at 75.

Japanese are firm, but little business has been done in them. The changes in prices are insignificant, and are confined to about two of the stocks.

Home Rails.

In sympathy with the gilt-edged market, home railway shares have been much steadier, although there is still a certain amount of liquidation, which helps to keep prices low. In most cases, however, a fairly appreciable advance is shown. Brighton Deferred have fluctuated somewhat. On Wednesday the shares were put up 1½, but yesterday gave way ½ to 86½. South Western Ordinary and Deferred and South Eastern were marked up a full point yesterday.

To-day there has been a slight reaction in several cases. Brighton and Deferred have dropped ½, and Districts have had a sharp fall of 2 ½ to 10½.

Americans.

The American market has now a better appearance, but the revival was hindered yesterday by the Decoration Day holiday in New York. The previous day the market had been very firm, and substantial advances were registered in most of the leading shares. Yesterday Unions were quoted ex dividend and rights, together nearly 3½ dollars, and at the close were about 2½ up, a gain for the two days of about 5½. Southern Pacific rose 1½, and Chesapeake 2½.

Americans have to-day been quiet, but the movements are generally in favour of holders.

Egyptians.

There has not been much business passing in the Egyptian market during the past week, and prices are practically unchanged. National Bank of Egypt have been as good as 23, but closed off again yesterday at 22½. To-day they have been very firm, and leave off at 23½. Although there has been further good buying for investment of Agricultural Bank of Egypt, the price, after being 8½, closed last night with Egypt sellers at 8½. They leave off to-night at

THE COTTON MARKET.

KEANSLEY AND CUNNINGHAM'S WEEKLY REPORT

Liverpool, May 30th.

Egyptian Cotton on the Spot continues to be neglected, the amount of actual business since the holidays being small.

The quotations of Brown are reduced 1/16d. per lb., and Uppers 1 sd. per lb.

A fair speculative business has been done in Futures, and the following are the latest quotations:—

May 10.13 Aug. 10.10 Nov. 10.3 Feb. 9.56
June 10.12 Sep. 10.8 Dec. 9.60 Mar. 9.56
July 10.12 Oct. 10.6 Jan. 9.57

American Futures. Since our last report on the 16th instant, there has been considerable interruption to business in consequence of the various Whitsuntide Holidays. In the earlier period under review, the market, although generally tending higher, was extremely sensitive, and experienced several sharp reactions, but since yesterday afternoon upon very unfavorable weather conditions reported from Texas, Louisiana, and the Mississippi district, an enormous business has been transacted at materially advanced prices, to-day's closing values being 4½ to 48 points higher for Old Crop, and 50 to 52½ points higher for the New Crop positions than those of Thursday the 16th instant.

Extensive Bull purchases, heavy covering by Bears, and the New York market being closed to-day, have produced an extraordinary position. It is quite impossible to forecast the immediate future, but after all, it is still only the end of May and with New Crop positions at practically 6½d per lb, one would suppose that mostly everything unfavorable has been fairly well discounted.

The latest quotations are, delivery:—

May 6.94 Aug./Sep. 6.59 Dec./Jan. 6.44
May/June 6.93 Sep./Oct. 6.53 Jan./Feb. 6.43
June/July 6.72 Oct./Nov. 6.48 Feb./Mar. 6.44
July/Aug. 6.69 Nov./Dec. 6.45 Mar./Apr. 6.45
